

April 2018

IMPORTANT:

Please hold your child's hand prior to exiting the school. Unfortunately, we have parents who still **DO NOT** drive at an appropriate speed and don't forget to leave the over hang for parents dropping off infants. We are also reminding parents to **PLEASE end all cell phone conversations** prior to entering the school. Thank you for your attention in this matter.

Homemade Finger Paint

Ingredients

3 tbsp sugar

1/2 tsp salt

1/2 cup cornstarch

2 cups water

On medium low temp, warm all ingredients in a small saucepan stirring fairly constantly until paint thickens. Transfer to jars and mix in food colouring. This recipe makes enough to fill approximately 6 baby food jars.

Cloud Sand

Ingredients:

8 cups Flour

1 cup baby oil

Instructions:

Add Flour and baby oil. Mix and knead for 3-5 minutes.

Mixture will be ready when it will hold together when you squeeze it.

Feels like flour when you run your fingers through it, but it will hold shape when you squeeze it.

Puddles

Materials: I'm all for just going outside and jumping in puddles if the children all have boots with them! Go for it!

Clean Puddles?!

However, if you're looking for a cleaner version of mud (hmmm, oxymoron?!), cut out some puddle shapes out of brown paper and place them in a large area of your carpet covered with either clear contact paper or wax paper. Let the kids "skate" over them with their socks on or jump from puddle to puddle.

Add in some math and counting by having them count as they jump on each puddle--some gross motor 1-1 correspondence for them!

Jokes

Q: Can February March?

A: No, but April May!

Q: What flowers grow on faces?

A: Tulips (Two-lips)!

Create a keepsake from your little one's toes with this Easter craft idea. With yellow paint, a black marker, construction paper and a willing foot or two, you can have a mama and her baby chicks forever captured in about 30 minutes, plus drying time.
